

BENEFITS OF CHAMBER MEMBERSHIP

The primary responsibility of the Chamber of Commerce is to promote and help develop a prosperous and dynamic business environment in our community and the surrounding area.

Our Chamber is made up of businesses, churches and non-profit organizations. They are big and small, old and new. They range from manufacturers to retailers and everything in between. Our members come together to enhance the quality of their goods and services, to interact with the community and they share a common purpose: to keep Calhoun County economically strong and our community vibrant.

Membership in the Calhoun County Chamber of Commerce means greater access to business opportunities, enhanced exposure for your business and opportunities to improve your bottom line. In short, it is an investment in business and the community. As soon as a member joins, they may display business cards and additional materials in the Chamber office and get involved in several Chamber activities.
